

**Thumb Industries, Inc.**  
**"Soar High" Building Campaign**

Thumb Industries is excited to announce we have purchased the building previously occupied by McDonald's Food and Family Center for over 60 years. Thumb Industries acquired the building in November of 2020, and will be relocating our Thrift Store currently located in the Huron Crest Plaza and our administrative offices from their location on Sand Beach Rd.

Thumb Industries is a 501C3 non-profit organization that has provided employment, on the job skills training, employment placement services, and job coaching services to individuals with disabilities for over 50 years. We provide employment and on the job skills training in retail, manufacturing, and janitorial service sectors, and provide job coaching to individuals employed at multiple businesses throughout the area.

To assist with the cost of materials, remodeling and construction, Thumb Industries will be raising money through our "Soar High" Building Fund Campaign. Businesses and individuals can show their support by purchasing metal fabricated birds engraved with their name signifying their support of our organization. "Soar High" birds are available to be purchased and come in several sizes to signify individual donations. These birds will then be hung on the wall of our new Thrift Store location and will signify your support of our organization for years to come.

Yes, I want to support Thumb Industries "Soar High" Campaign. I am interested in the following sponsorship:

- \_\_\_\_\_ \$100.00 donation (6" bird with engraved pin)
- \_\_\_\_\_ \$250.00 donation (8" bird with engraved pin)
- \_\_\_\_\_ \$500.00 donation (10" bird with engraved pin)

**NAME (S):** \_\_\_\_\_
